1. INTRODUCTION

1.1 Software Overview

Our platform is a comprehensive solution designed to address the housing challenges newcomers in Tier-1 cities face. It facilitates two key services: finding suitable flatmates and connecting tenants with landlords offering rental properties. The platform ensures optimal compatibility between individuals and housing options by leveraging user-provided preferences and advanced matching algorithms. Additional features like direct messaging and a two-way review system enhance user experience and trust.

1.2 Project Scope

The platform focuses on simplifying the relocation process for individuals moving to Tier-1 cities by providing:

1. **Flatmate Matching** – This platform helps tenants find compatible flatmates searching for accommodation in the same area. Users can match based on shared lifestyle preferences such as dietary habits (vegetarian or non-vegetarian), smoking and drinking habits, and pet preferences, making co-living more comfortable and stress-free.
2. **Tenant-Landlord Connections** – Potential tenants specify their housing needs, while landlords list properties with detailed descriptions and photos. The platform suggests properties based on the best fit between tenant requirements and available listings.
3. **Additional Features** – The platform includes in-app messaging, a review and rating system, and personalized recommendations to enhance user engagement and reliability.

1.3 Intended Audience

The platform is designed for:

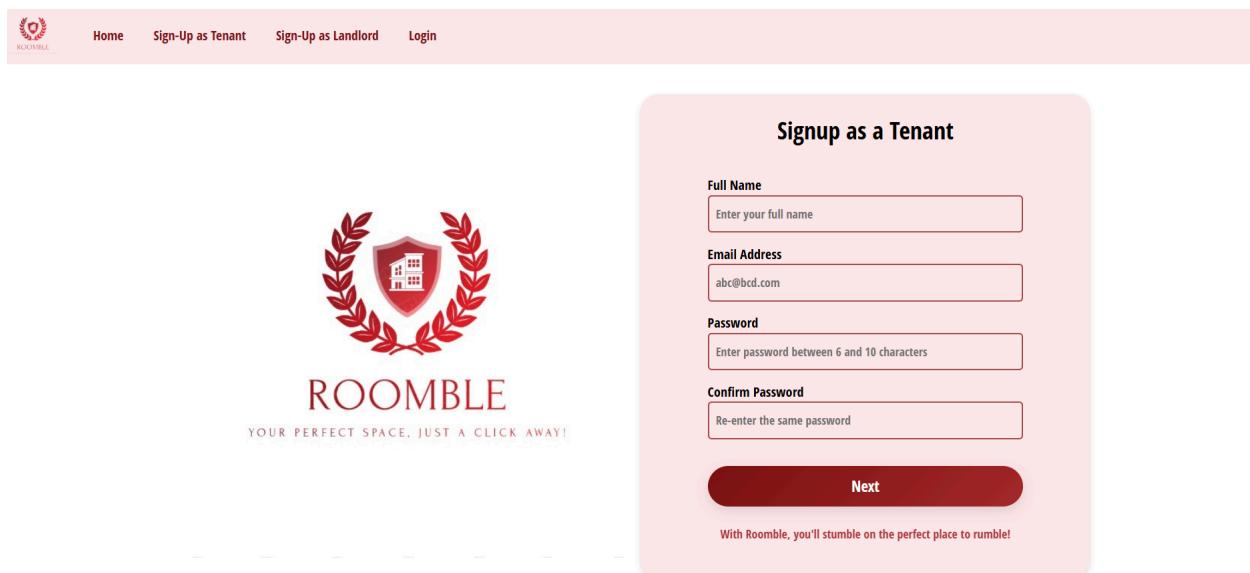

- **Newcomers to Tier-1 cities** who need to find compatible flatmates or rental accommodations.
- **Young professionals and students** looking for shared accommodations with people who match their lifestyles and preferences.
- **Landlords and property owners** seek to connect efficiently with reliable tenants through a digital platform.

2. GETTING STARTED

2.1 Sign up as a Tenant

- If a potential tenant is not registered beforehand, they can click “**Sign Up as Tenant**” in the navigation bar on the home page. The sign-up page for tenants opens, and they must enter the basic details (Full name, email address, and password) necessary to create an account.
- Once all the details are filled correctly, they click on the “**Next**” button, which displays more details that the user has to fill in about themselves to help them find suitable properties/flatmates.
- Once all the details have been completed, the user clicks on the “**Sign-up**” button, which redirects them to the OTP page. They can also click the “**Back**” button to change the basic account-creation details.
- Now, a 6-digit OTP will be sent to the email address entered, and when the correct OTP is entered, the account will be created. The user will now be redirected to the login page.

Sign up as a tenant page:

The screenshot shows the Roomble website's sign-up process for tenants. At the top, there is a navigation bar with links for Home, Sign-Up as Tenant (which is highlighted in red), Sign-Up as Landlord, and Login. Below the navigation bar, the Roomble logo is displayed, featuring a red shield with a building icon and the word "ROOMBLE" in red capital letters, with the tagline "YOUR PERFECT SPACE. JUST A CLICK AWAY!" underneath. To the right of the logo is the "Signup as a Tenant" form. The form has four input fields: "Full Name" (placeholder: "Enter your full name"), "Email Address" (placeholder: "abc@bcd.com"), "Password" (placeholder: "Enter password between 6 and 10 characters"), and "Confirm Password" (placeholder: "Re-enter the same password"). Below the form is a large red "Next" button. At the bottom of the form, there is a small note: "With Roomble, you'll stumble on the perfect place to rumble!"

2.2 Sign up as a Landlord

- If a potential landlord is not registered beforehand, they can click “**Sign-Up as Landlord**” in the navigation bar on the home page. The landlord sign-up page opens, and they must enter the basic details (Full Name, Email Address, Password) necessary to create an account.

- Once all the details have been completed, the user clicks on the “**Sign-up**” button, which redirects them to the OTP page.
- Now, a 6-digit OTP will be sent to the email address entered, and when the correct OTP is entered, the account will be created. The user will now be redirected to the login page.

2.3. Login

- If registered users wish to log in to their account, they can click “**Login**” in the navigation bar on the home page. The login page opens, and the user must select the type of profile they wish to log into (Tenant or landlord).
- The user will be directed to their respective dashboard when entering the correct email address and password.
- The user will also have the option to check a “**Remember Me**” checkbox, which will automatically log the user the next time they open the website.
- If the user has forgotten the password to their account, they can click on “**Forgot Password?**” which directs them to the Forgot Password page.
- If the user hasn’t registered yet, they can choose the type of profile they wish to sign up for and click “**Create Account.**” This will direct them to the respective sign-up pages.

2.4. Forgot Password

- If the registered user has forgotten the password to their account, they can click on “**Forgot Password?**” which directs them to the Forgot Password page.
- To reset a password, the user should select their profile type and provide the email address used during registration.
- On clicking “**Submit,**” the user is redirected to the OTP page if the entered email address exists in the database.
- Now, a 6-digit OTP will be sent to the email address entered, and when entering the correct OTP, the user will be redirected to the “**Reset Password**” page.
- When entering the new password and clicking “**Submit,**” the user will be alerted to a successful password reset and redirected to the login page.
- The user will also be given links to the login page if they remember the password and the sign-up page if they haven’t created an account yet.

The image shows the Roombie logo on the left, featuring a red shield with a white building icon inside, surrounded by a laurel wreath. Below the logo is the word "ROOMBLE" in a large, bold, red serif font, with the tagline "YOUR PERFECT SPACE, JUST A CLICK AWAY!" in a smaller, red sans-serif font.

On the right is a "Forgot Password?" form. It has a pink header and a pink rounded rectangular body. At the top right is a "Forgot Password?" button. Below it are two buttons: "Tenant" (red with a key icon) and "Landlord" (white with a house icon). A text input field labeled "Enter your registered email" is followed by a placeholder "Enter your email address". A large red "Submit" button is at the bottom. At the bottom right of the form is the text "With Roombie, you'll stumble on the perfect place to rumble!"

3. HOME PAGE

This screenshot shows the "Features" section of the Roombler home page. It features five white rectangular boxes with rounded corners, each containing an icon and a brief description: 1. "Find your dream home" with a house icon. 2. "Connect with potential flatmates" with a people icon. 3. "Manage your properties" with a building icon. 4. "Read and Write Reviews" with a star icon. 5. "Send and Receive Messages" with an envelope icon. Below this section is a large red call-to-action bar with the text "Ready to get started?" in white, flanked by two white buttons: "Sign Up as Tenant" and "Sign Up as Landlord".

4. INTRODUCTION TO NAVBAR

This appears when the user has not logged in.

1. Sign Up as Tenant:

The **Sign Up as Tenant** option is for individuals looking to rent a property or find a flatmate. Clicking this option takes users to a registration form where they can enter their personal details, preferences, and account information. Once registered, they can search for rental properties or flatmates on Roomble.

2. Sign Up as Landlord:

The **Sign Up as Landlord** option is for property owners or managers who want to list properties for rent. Clicking this option will guide users through the registration process, where they can provide their contact information and property details. Once signed up, landlords can start adding their properties and interacting with potential tenants.

3. Login:

The **Login** section allows users who already have an account to sign in. Whether you are a tenant or a landlord, logging in grants access to your personalized dashboard, messages, property listings, and other features. This option is for returning users who want to access their Roomble account.

4.1. TENANT NAVBAR

The **Tenant Navbar** provides quick and easy access to all the essential features and sections within the Roomble app. Here's an overview of the key options available:

1. Dashboard

The **Dashboard** is where you can see your bookmarked flatmates and properties.

2. Messages

The **Messages** section allows you to communicate with potential flatmates and property owners. You can send, receive, and organize messages to keep all your communication in one place, ensuring you never miss an important update.

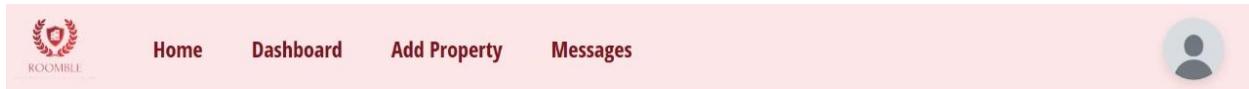

3. Find Property

The **Find Property** section allows you to browse and search for rental properties. Filters allow you to set your preferences for location, budget, and more, making it easier to find the perfect property that suits your needs.

4. Find Flatmate

The **Find Flatmate** section is where you can search for potential flatmates. You can view compatible flatmate matches by filling in your preferences. You can also message those interested and explore their profiles to find the best living arrangements.

4.2. LANDLORD NAVBAR

1. Dashboard

The **Dashboard** is where you can manage all your properties in one place. It gives you an organized view of your active listings. You can track the status of each property.

2. Add Property

The **Add Property** section allows you to list new rental properties. You can easily upload details like property type, rent, location, and amenities, as well as upload photos. This section is designed to simplify the property listing process so you can quickly add new properties for potential tenants to view.

3. Messages

The **Messages** section lets you communicate directly with potential tenants interested in your properties. You can manage and organize conversations, respond to inquiries, schedule viewings, or discuss rental terms. All communication stays in one place for easy reference.

5. DASHBOARD

5.1. LANDLORD DASHBOARD

1. Once logged in as a landlord, the user will be directed to the **Dashboard**, where the user can manage his/her listed properties under the 'Your Properties' Section.
2. **'Your Properties' section:**
 - If no properties have been added, this section will display "**No Properties Added.**"
 - Once a property is added via the "**Add Property**" page, it will appear as a property card displaying Property images, Rent amount, Locality, BHK configuration, and a View Button for more details.
3. **View property details:**

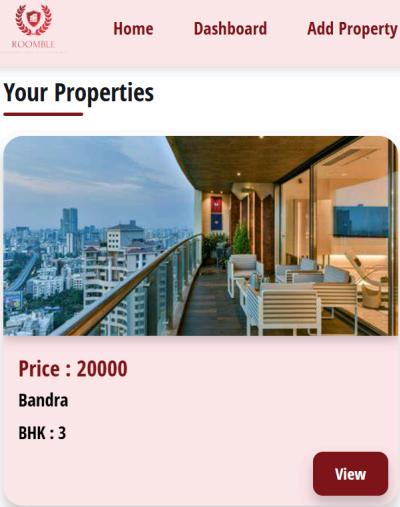

Clicking on a property card provides comprehensive details, including Rent, Address, Pictures, Amenities, Description, Area (in sq. feet), BHK configuration, and Availability status.
4. **Property Management Actions:**

Within the property details page, landlords have access to the following actions:

 - **Edit** – Modify property details.
 - **Delist** – Mark the property as rented to distinguish unavailable listings.
 - **Delete** – Permanently remove the property from the platform.
 - **View on Maps** – Locate the property address on the map to assist tenants in finding the exact location.
5. **Review section:**

Landlords can also view feedback and reviews provided by tenants regarding the property.

5.2. TENANT DASHBOARD

1. Once logged in as a tenant, the user will be directed to the **Dashboard**, where the user can manage his/her Bookmarked Flatmates and Bookmarked Properties (the user will be able to switch with the help of a button in the dashboard) under the 'Your Properties' Section.
2. **'Your Bookmarked Flatmates' section:**

Once a flatmate profile is bookmarked via the “**Find Flatmate**” page, it will appear as a profile card displaying Name, Preferred location, Compatibility score (based on preferences), and a view button for more details.

3. ‘Your Bookmarked Properties’ section:

Once a property is bookmarked via the “**Find Property**” page, it will appear as a property card displaying Property images, Rent amount, Address, BHK configuration, and a View Button for more details.

4. View Flatmate details:

Clicking on a profile card of a bookmarked flatmate provides comprehensive details, including Name, City, Locality, Gender, Description, A few details, a Message button (with the help of which the user can contact the bookmarked flatmate), and a review option (Users can also provide feedback and reviews to the flatmates).

5. View property details:

Clicking on a property card provides comprehensive details, including Rent, Address, Pictures, Amenities, Description, Area (in sq. feet), BHK configuration, and Availability status.

6. Within the property details page, tenants have access to the following actions:

- **Review** –Users can also provide feedback and reviews for the properties they've stayed at.
- **Contact Owner** – Helps the user contact the owner by providing details about the landlord.
- **Interested** –On clicking this button, an email is sent to the landlord telling him that someone is interested in his/her property.
- **View on Maps** – Locate the property address on the map to find the exact location.

6. FIND PROPERTY

1. Complete Your Profile

Ensure your profile is fully updated with your rental preferences, lifestyle, and requirements. This helps **Roombie** match you with properties that fit your needs.

2. Set Your Location Preferences

Specify the areas where you'd like to rent. This will help you discover properties within your preferred locations and make your search more efficient.

3. Define Your Budget Range

Set your rental budget range. Roombie will filter available properties to match your financial capacity, helping you avoid properties out of your price range.

4. Filter Property Types

Use filters to specify the type of property you're interested in, like LOCALITY, AREA RANGE, and NUMBER OF BHK, which are given on the page. This will narrow down the search to options that fit your needs.

5. Click on the property card you liked/want to check on

After clicking the property card

6. Check Amenities and Features

Check properties that offer the amenities and features you're looking for, such as parking, furnished/unfurnished rooms, or proximity to public transport if mentioned in the property description.

7. Review Property Listings

Carefully read property descriptions and check previous tenants' reviews and ratings. This gives you a better idea of what to expect and helps avoid unpleasant surprises.

Explore further buttons:

Clicking on View on Maps: Clicking this button will open the property's location on a map, allowing you to check its exact placement and surrounding areas.

Clicking on Interested: By selecting this button, the property will be added to your list of interested properties, making it easier to revisit and compare later.

Clicking on Contact Owner: This option lets you initiate a chat with the property owner, enabling you to ask questions or discuss rental terms directly.

7. FIND FLATMATE

1. Complete Your Profile

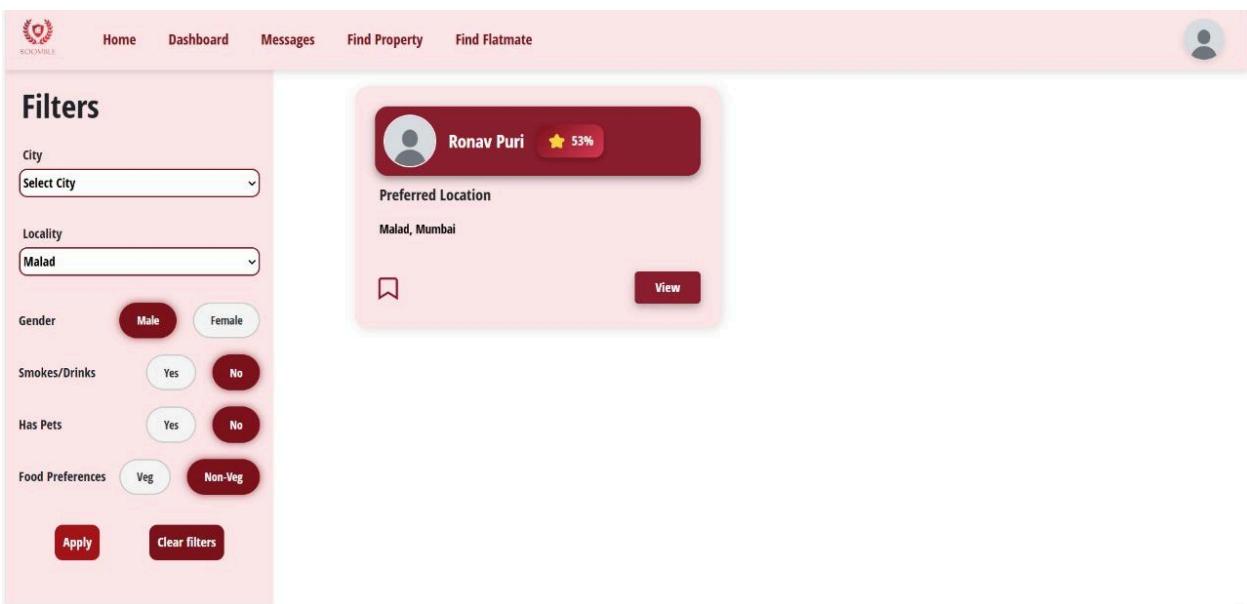

- Ensure your profile includes a brief description of yourself, your lifestyle, and your preferences. This helps you find flatmates who are a good fit.

2. Specify Location Preferences

- Set your preferred areas for the rental. This ensures you match with flatmates looking for properties in the same locations.

3. Use Matching Filters

- Take advantage of Roomble's filters to match with flatmates based on preferences such as smoke/drink(yes/no), pets(yes/no), gender(male/female), and food preferences(veg/nonveg). This ensures better compatibility.

4. Check Compatibility Based on Filters

Roomble shows you the compatibility between you and potential flatmates based on the preferences you've filled in the filters. This feature helps you quickly assess if your lifestyle, habits, and living preferences align with those of others, ensuring a smoother and more harmonious living situation.

The screenshot shows a user interface for finding a flatmate. On the left, there is a sidebar titled "Filters" with dropdowns for "City" (Select City), "Locality" (Select Locality), "Gender" (Male, Female), "Smokes/Drinks" (Yes, No), "Has Pets" (Yes, No), and "Food Preferences" (Veg, Non-Veg). Below these are "Apply" and "Clear filters" buttons. To the right, there are four profile cards for potential flatmates:

- Ronav Puri** (53%): Preferred Location - Malad, Mumbai. Buttons: Book, View.
- Bikramjeet Singh** (47%): Preferred Location - Bandra, Mumbai. Buttons: Book, View.
- Bikramjeet Singh** (47%): Preferred Location - Bandra, Mumbai. Buttons: Book, View.
- Aarsh** (45%): Preferred Location - Malad, Mumbai. Buttons: Book, View.

5. Click on the flatmate card you wish to live with

The screenshot shows a detailed profile page for **Bikramjeet Singh**, a male from Mumbai. The profile includes a placeholder image and a note: "This user hasn't setup a description yet". Below the profile are buttons for "Book", "Review", and "Message".

Profile Information:

- Name: Bikramjeet Singh
- City: Mumbai
- Locality: Bandra
- Gender: Male ♂
- Do you drink or smoke? No ☺
- Food Preferences: Non-Vegetarian 🍴
- Do you have a pet? Yes 🐶

Reviews:

pranay sri harsha

Check the reviews: Further, by checking the reviews, you can gain insights from previous tenants, making it easier to make a well-informed decision.

Clicking on Messages: Clicking this button allows you to chat with the person about living together and discussing preferences, rent-sharing, and compatibility.

8. ADD & EDIT PROPERTY (For Landlords)

8.1. Add Property

Landlords can add a property by clicking the "**Add Property**" tab in the navigation bar. Upon clicking, a form will be displayed. Fields marked with an asterisk (*) are mandatory.

Fields and Requirements

(i) Photos*

The user must upload at least one photo.

A warning will be displayed below the photo field when submitting the form if no photo is uploaded.

Users can either browse and upload photos or drag and drop them.

Only image files are allowed.

(ii) Description (Optional)

Users can enter a description in the "Description" field.

(iii) BHK*

Users must enter the number of BHK (Bedrooms, Hall, Kitchen) in the "BHK." Field.

The value should be an integer.

If the field is left empty or a non-integer value is entered, an error message will be displayed below the field.

Add Property Forms:

(iv) Area*

Users must enter the area of the property in square feet in the "Area" field.
The value should be an integer.

If the field is left empty or a non-integer value is entered, an error message will be displayed below the field

(v) Rent*

Users must enter the rent amount in the "Rent" field.

The value should be an integer.

If the field is left empty or a non-integer value is entered, an error message will be displayed below the field.

(vi) City*

Users must select a city from the drop-down list.

If no city is selected, an error message will be displayed when submitting the form.

(vii) Location*

Users must select a location from the drop-down list.

If no location is selected, an error message will be displayed when submitting the form.

Other Form Details:

The form consists of several input fields:

- Area(sqft) ***: A text input field with placeholder text "Enter Area".
- Rent(Per Month) ***: A text input field with placeholder text "Enter Rent".
- City ***: A dropdown menu labeled "Select City".
- Location ***: A dropdown menu labeled "Select Location".
- Address ***: A text input field with placeholder text "Enter Address".
- Amenities**: A text input field with placeholder text "Enter Amenities".

Sending and Receiving Messages:

On the left side of the screen, you will see a list of people you are chatting with under **People**.

Use the **Search** bar to find a specific person.

Click on the person's name to open the chat window on the right side.

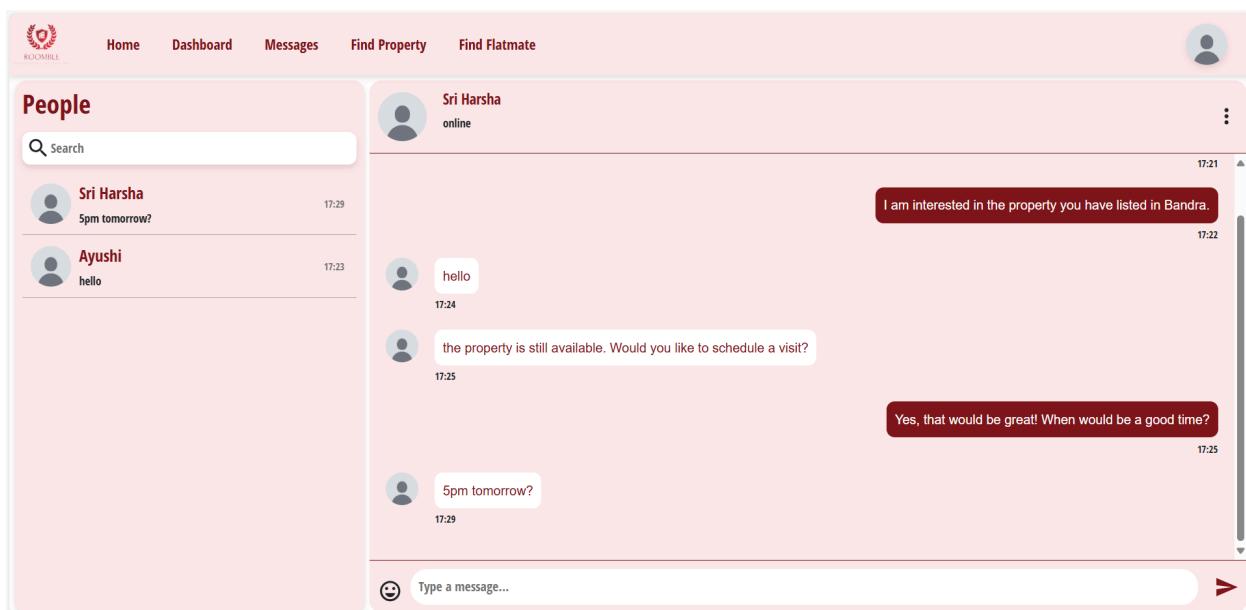

How to Chat:

To send a message, type your text in the "**Type a message...**" box at the bottom of the screen and press the **Enter** key or click the **Send button** (right arrow icon).

Messages will appear in the chat window with timestamps.

You can also see when the other person is **online** (displayed next to their name).

To use emojis, click on the emoji icon, select the emoji you want, and click it again to close the emoji window.

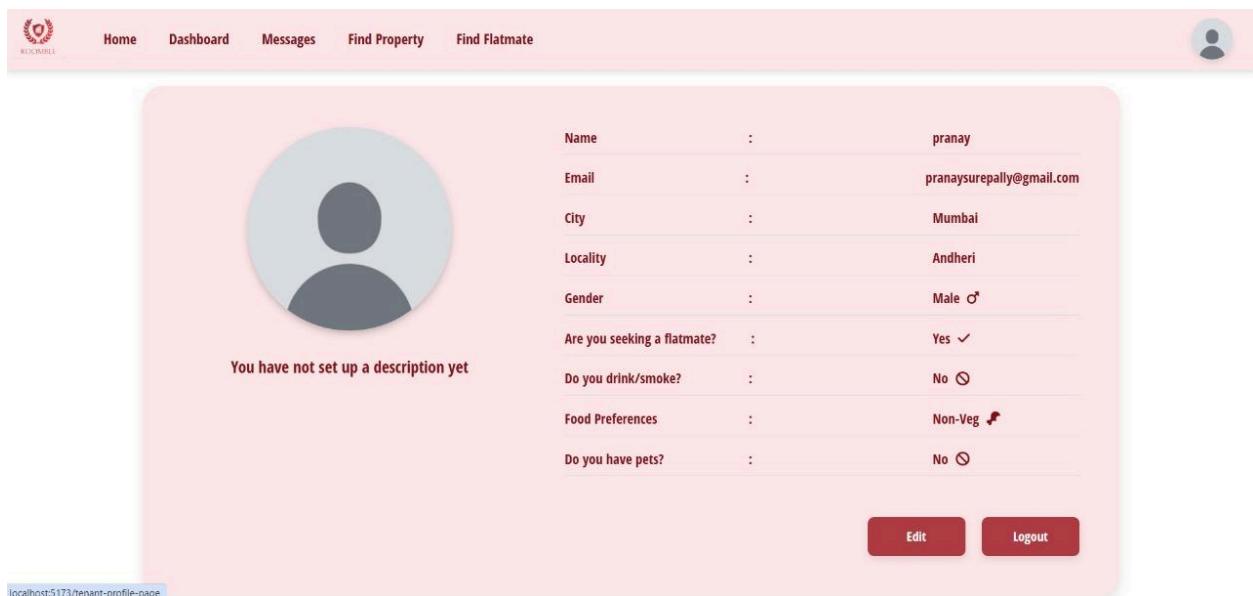

10. PROFILE

The user can access their profile by clicking the **Profile** icon at the page's top-right corner.

Upon clicking, the **Profile Page** will open, displaying the user's account details in a **view-only** mode.

10.1. TENANT PROFILE

The screenshot shows a tenant profile page with the following details:

Name	:	pranay
Email	:	pranaysurepally@gmail.com
City	:	Mumbai
Locality	:	Andheri
Gender	:	Male ♂
Are you seeking a flatmate?	:	Yes ✓
Do you drink/smoke?	:	No ✘
Food Preferences	:	Non-Veg 🍗
Do you have pets?	:	No ✘

Below the table, there are two buttons: "Edit" and "Logout".

The browser address bar at the bottom left shows: localhost:5173/tenant-profile-page

10.2. LANDLORD PROFILE

The screenshot shows a landlord's profile page. At the top, there is a navigation bar with links for Home, Dashboard, Add Property, and Messages. A user icon is also present. Below the navigation, there is a placeholder for a profile picture. To the right of the placeholder, the user's details are listed: Full Name : Sri Harsha, Email Address : pranaysriharshsurepally@gmail.com, and Properties Count : You own 1 properties. Below this, there is a button labeled "Edit" and another labeled "Logout". Further down, there is a thumbnail image of a living room interior. Below the thumbnail, the property details are listed: Price : 40000, Bandra, Mumbai, and BHK : 3. A "View" button is located at the bottom right of this section.

To make changes, the user must click the **Edit** button.

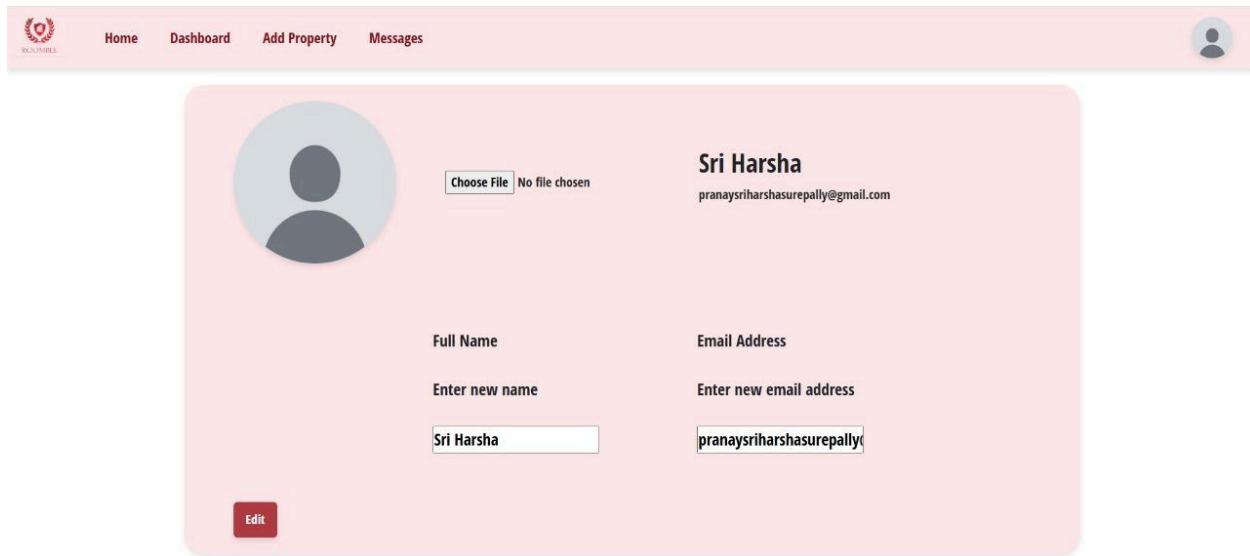

This action will enable **edit mode**, allowing users to update their details.

10.3. EDITING TENANT PROFILE

The screenshot shows the "Edit Profile" form. At the top, there is a navigation bar with links for Home, Dashboard, Messages, Find Property, and Find Flatmate. A user icon is also present. Below the navigation, the title "Edit Profile" is displayed. The form contains several input fields and dropdown menus:

- Profile Picture: A placeholder for a profile picture with a "Choose File" button and a note "No file chosen".
- Full Name: Input field containing "pranay sri harsha".
- Email Address: Input field containing "pranaysurepally@gmail.com".
- Gender: Dropdown menu showing "Male".
- Do you drink/smoke?: Buttons for "YES" and "NO".
- Food Preferences: Buttons for "VEG" and "NON-VEG".
- Are you seeking flatmates?: Buttons for "YES" and "NO".
- Do you have pets?: Buttons for "YES" and "NO".
- City: Dropdown menu showing "Mumbai".
- Locality: Dropdown menu showing "Andheri".
- About Me: A text area containing "Hello I am a software engineer at google".
- A "Done" button is located in the top right corner of the form.

10.4. EDITING LANDLORD PROFILE

After making the necessary changes, the user can click **Done** to apply them.

Once saved, the updated details will be reflected on the profile page.

Additionally, the user can view other users' profile information by clicking on their profiles.

11. REVIEW SYSTEM

User-Based Reviews: Properties and landlords are reviewed by tenants based on their rental experiences, and tenants can leave reviews for their roommates based on their experiences.

11.2. TENANT REVIEWING LANDLORD

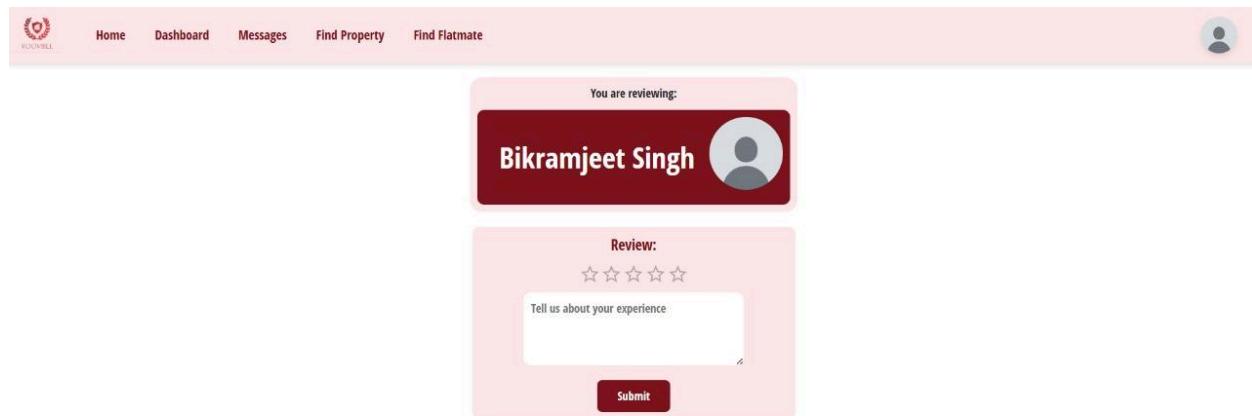

The screenshot shows a user interface for reviewing a landlord. At the top, there is a navigation bar with links: Home, Dashboard, Messages, Find Property, Find Flatmate, and a profile icon. The main area displays a card for "Pranay Sri Harsha" with a placeholder profile picture. Below the card, a section titled "Review:" contains a 5-star rating icon and a text input field containing the text "good landlord and neighbor". A "Submit" button is located at the bottom right of this section.

11.3. TENANT REVIEWING THE PROPERTY

The screenshot shows a property listing for a house. The listing includes a large image of the interior, the price "₹40000/Month", and the address "H.NO 1-3-50/A, happy home residency, Bandra". To the right of the listing, there is a "Description" section with the text "This is a perfect place to live. very spacious." and an "Amenities" section with the text "Nearby Near to supermarket". Overlaid on the listing is a modal window titled "Leave a review" with a 5-star rating icon and a text input field for "Tell us about your experience." A "Submit" button is at the bottom of the modal. Below the modal, there are four buttons: "Review", "Contact Owner", "View on Maps", and "Interested".

Rating & Feedback: Users can provide a **star rating (1-5)** and an optional text comment to share their experience.

Profile Integration: Reviews are visible on **user profiles** and **property listings**, helping others make informed decisions.
